

1. Measure the size of the horse's FOREHEAD

Measure from the outer corner above one eye, across the top of the forehead, to the above outer corner of the other eye

2. Measure the HEAD LENGTH of the horse

Measure from the top of the POLL to the top of the horse's UPPER LIP

3. Select the appropriate size from the SIZING CHART below

NOTE: In case your measurements do not match to the sizing chart below, use the following as your 'rule of thumb':

Recovery/Polo/Racing Vizor: ✓ Choose the FOREHEAD measurement to determine mask size.

Fly Mask: ✓ Choose the FOREHEAD measurement for the Standard Fly Mask **without** nose protection.

Fly Mask: ✓ Choose the HEAD LENGTH measurement for a Fly Mask **with** nose protection.
